

Admissions and Enrollment Guide

Undergraduate Entry for Fall 2026

Office of Undergraduate Admission and Registrar

For fall 2026 entry

CURRENT

Document ID: NSU-ADMIT-2026

Fictional educational corpus. All names, contacts, programs, and rules are synthetic.

1. Application Requirements

First-year applicants submit the online application, a \$40 fee or approved waiver, an official secondary-school transcript, and one academic recommendation. Standardized test scores are optional. International applicants also provide English-proficiency evidence unless they completed three years in an English-medium secondary school.

The priority application deadline is December 1, 2025, and the regular deadline is February 15, 2026. Applications completed after February 15 are considered only if space remains.

An admission offer is conditional on successful completion of current coursework and disclosure of any disciplinary change before enrollment.

- Application fee: \$40.
- Priority deadline: December 1, 2025.
- Regular deadline: February 15, 2026.

2. Deposit and Document Deadlines

An admitted first-year student confirms enrollment with a \$250 deposit by May 1, 2026. The deposit is credited to the first tuition bill and is refundable only when a written cancellation is received by May 15.

A final official transcript showing graduation is due July 15. International students must complete financial certification by June 1 before an immigration document is issued.

A student unable to meet a deadline may request an extension before the deadline. Silence or an incomplete request does not preserve the offer.

Requirement	Deadline
Enrollment deposit	May 1, 2026
Refundable cancellation	May 15, 2026
International financial certification	June 1, 2026
Final transcript	July 15, 2026

3. Transfer Credit and Registration

Transfer applicants must submit official transcripts from every college attended. Courses with grades of C or higher may transfer when comparable to Northstar study. Transfer credit does not carry quality points into the institutional GPA.

New students complete online orientation before registration. A first-year student must also meet an academic adviser. Registration holds remain until required health records and final transcripts are received.

Enrollment in a course is not guaranteed by placement on a waiting list. Students are responsible for checking schedule changes through the end of the add period.

- Minimum transferable grade: C.
- Transferred grades do not enter the Northstar GPA.
- Orientation and advising precede registration.

4. Deferral, Withdrawal, and Contacts

An admitted first-year student may request a one-semester or one-year deferral by June 15. The request must describe planned activities. Enrollment at another degree-granting institution during deferral normally cancels the offer.

A student who withdraws after registering follows the Student Handbook refund schedule, not the admission-deposit rules. Scholarship offers may be reconsidered after deferral and are not guaranteed.

Questions about admission documents go to admission@northstar.example. Registration records go to registrar@northstar.example.

- Deferral request deadline: June 15.
- Deferral does not guarantee scholarship continuation.
- Admission Office: 555-2100.
