

Examination and Grading Policy

Academic Year 2026-2027

Office of Academic Affairs

Effective August 17, 2026

CURRENT

Document ID: NSU-EXAM-2026

Fictional educational corpus. All names, contacts, programs, and rules are synthetic.

1. Current Grading Scale and Repeated Courses

Beginning August 17, 2026, Northstar University uses plus and minus grades. A is 4.0 quality points; A-minus is 3.7; B-plus is 3.3; B is 3.0; B-minus is 2.7; C-plus is 2.3; C is 2.0; C-minus is 1.7; D is 1.0; and F is 0.0. The University does not issue A-plus, D-plus, or D-minus.

A passing grade earns credit subject to program prerequisites. Pass grades carry credit but do not enter GPA calculations. When an undergraduate repeats a course, both attempts remain visible, but only the highest grade enters the institutional GPA. No more than three repeated courses may receive this replacement treatment.

This policy replaces the 2025 policy. For courses beginning on or after August 17, 2026, the current rules control.

Grade	Quality points
A	4.0
A-	3.7
B+	3.3
B	3.0
C+	2.3
C	2.0
D	1.0
F	0.0

2. Final Examinations and Conflicts

Final examinations occur only during the Registrar's published period. A take-home final may be released earlier, but its due date cannot be before the scheduled examination time.

A student with three examinations within a twenty-four-hour period may request rescheduling of one examination selected by the Registrar. A direct conflict between two examinations also qualifies. Requests are due seven calendar days before the first day of final examinations.

Approved absence reasons include documented illness, bereavement, jury service, military duty, recognized religious observance, and University-sponsored competition. Personal travel and employment schedules do not automatically qualify.

- Current threshold: three exams within 24 hours.
- Current request deadline: seven calendar days before finals.
- The Registrar selects the examination to move.

3. Incomplete Grades and Appeals

An Incomplete requires at least 70 percent of assigned work completed with a passing grade and a documented unexpected circumstance. The student and instructor must record remaining work and a due date.

Remaining work is due six weeks after the term ends unless the completion plan sets an earlier date. The instructor submits a grade within two additional weeks. An unresolved Incomplete converts to F at the end of the eighth week.

A student begins grade review by contacting the instructor within twenty calendar days after grades are posted. A department-chair appeal is due within ten calendar days after the instructor responds. Disagreement with academic judgment alone is not grounds for changing a grade.

- Minimum completed work: 70 percent.
- Normal student deadline: six weeks.
- Automatic conversion point: eighth week.

4. Academic Standing and Related Policies

Good standing requires a cumulative institutional GPA of at least 2.00. A student below 2.00 enters academic warning. A warned student must earn a term GPA of at least 2.25 and complete an advising plan to avoid suspension review.

Academic standing, scholarship renewal, athletic eligibility, and major progression are distinct decisions. Meeting one standard does not establish eligibility under another policy.

Suspected unauthorized assistance during an examination is handled under the Academic Integrity Policy rather than through the grade-appeal process.

- General good-standing GPA: 2.00.
- Scholarship renewal uses separate thresholds.
- Integrity findings follow the Academic Integrity Policy.
